DaVita Releases Annual Community Care Report, Highlights Achievements in Corporate Citizenship

Captures key initiatives achieved in 2024, driving 2025 ESG goals

DENVER, May 20, 2025 /PRNewswire/ -- Today, DaVita (NYSE: DVA) published its Community Care report, underpinning its long-standing commitment to corporate citizenship and highlighting strides made towards ambitious Environmental, Social and Governance (ESG) goals set to be achieved this year. Milestones and achievements reflect calendar year 2024.

In 2021, DaVita announced broadened ESG goals and has since reported progress against its five strategic focus areas: Patient Care, Teammate Engagement, Environmental Stewardship, Healthy Communities and Leading with Integrity and Accountability.

"This year, we're celebrating 25 years of patient care and progress made toward improving the health and vibrancy of the communities and people we serve," said Javier Rodriguez, chief executive officer for DaVita. "As we look ahead, I'm excited to build upon these community health achievements with our unmatched passion for enhancing and shaping the care experience for people around the world."

The following are notable milestones detailed in the report:

Patient Care

DaVita cares for patients globally at every stage along the kidney care journey -- from upstream preventative care to home dialysis, acute hospital care and supporting transplantation.

- More than 8,200 DaVita patients received a kidney transplant, the provider's highest number of annual transplants to date.
- More than 40,000 individuals participated in a Kidney Smart® class, DaVita's award-winning kidney disease education program, now available in over 13 languages.
- More than 15% of DaVita patients dialyzed in the comfort of their home.
- DaVita continued to advance its value-based care program, DaVita Integrated Kidney Care (IKC), which provides integrated care management services to health plans and government programs for members and beneficiaries with kidney disease.
- DaVita worked with national organizations to expand access to education and prevention resources for chronic conditions, including the YMCA and American Diabetes Association (ADA).

Teammate Engagement

Belonging is central to DaVita's culture, which prioritizes creating an environment that inspires teammates (employees) to make a difference every day. Supporting people to show up as their best selves at work equips the broader care community to deliver the best care experience possible to patients.

- 84% of DaVita teammates reported they feel that they belong at DaVita.
- Fortune, USA Today, Newsweek and more recognized DaVita as an employer of choice.
- 2,400+ teammates are pursuing or have received their nursing degree, funded by DaVita, as part of its Bridge to Your Dreams program.
- Teammates logged over 147,000 volunteerism hours, achieving DaVita's 5-year volunteerism goal one year ahead of schedule.

Environmental Stewardship

DaVita is committed to maintaining a strong foundation of environmental stewardship to help protect the environment by embedding sustainability practices in its business operations. The organization has made meaningful progress towards its 2025 goals.

- 100% of DaVita's global operations are on track to be matched by renewable energy purchases by 2025 via virtual power purchase agreements, including two new agreements in Europe.
- More than 75 million gallons of water were saved through water efficiency projects in 2024, achieving DaVita's 2025 goal of saving 240 million gallons since 2021.
- DaVita was named to the Carbon Disclosure Project (CDP) "A List," receiving the highest possible score.

Healthy Communities

DaVita's commitment to community care extends beyond health care services to empowering underserved regions with critical resources and education.

- The 2024 DaVita Health Tour provided thousands of community members across the country with free health screenings and education focused on kidney health.
- Through support from the DaVita Giving Foundation, the Food is Medicine Coalition provided more than 100,000 medically tailored meals to people with food insecurity and medical nutrition needs, including individuals living with end-stage kidney disease.

Leading with Integrity & Accountability

DaVita's purpose is to deliver exceptional care and a positive experience to patients. A key driver of the provider's ability to deliver on that promise begins with a steady approach to compliance with policies, applicable laws and regulations and consistent behaviors.

- 9 out of 10 members of DaVita's Board of Directors are independent under New York Stock Exchange rules.
- 99.9% of DaVita teammates completed annual compliance training in 2024.

About DaVita Inc.
DaVita (NYSE: DVA) is a health care provider focused on transforming care delivery to improve quality of life for patients globally. As a comprehensive kidney care provider, DaVita has been a leader in clinical quality and innovation for 25 years. DaVita cares for patients at every stage and setting along their kidney health journey—from slowing the progression of kidney disease to helping to support transplantation, from acute hospital care to dialysis at home. As of March 31, 2025, DaVita served approximately 282,000 patients at 3,173 outpatient dialysis centers, of which 2,661 centers were located in the United States and 512 centers were located in 13 other countries worldwide. DaVita has reduced hospitalizations, improved mortality, helped improve health access and worked collaboratively to propel the kidney care community to adopt a higher quality standard of care for all patients, everywhere.
