

"DaVita Way of Giving" Donates Record-breaking \$2.2 Million to Local Charities

DaVita Teammates Make a Difference this Holiday Season

DENVER, Dec. 21, 2016 /PRNewswire/ -- [DaVita Inc.](#) (NYSE: DVA), a leading independent medical group and a leading provider of kidney care services in the United States, today announced that the company donated more than \$2.2 million to charities across the United States through the "DaVita Way of Giving."

For the sixth year in a row, DaVita teammates were given the opportunity to choose local nonprofits to direct contributions of time and resources through the DaVita Way of Giving to assist nonprofits with their missions. Nearly \$9.1 million in donations have been directed through the program since 2011.

"The DaVita Way of Giving program is a true embodiment of what it means to be a community first and company second," said Dave Hoerman, chief wisdom officer for DaVita. "Many teammates are already involved in community causes, so giving them the opportunity to choose where we make the donations allows us, as a Village, to support what they're already doing."

Teammates choose charities that are locally based and have a positive impact in their communities. Charities include children's organizations, crisis centers, animal shelters, food banks and many more. Teammates extend the impact of donations beyond monetary support by hosting hands-on "Village Service Days," volunteer events that build strong community partnerships and allow teammates to donate their time to help charities however they need it most.

DaVita Way of Giving is one of many programs dedicated to spreading ripples of citizen leadership through DaVita's Trilogy of Care – Caring for Our Patients, Caring for Each Other and Caring for Our World.
